Sweet Boutiques by Leisha Jones

Scientists have proclaimed that women think of chocolate more often than sex, so if you're angling for some romance this Valentine's Day, bait your line with sweet sensations from any one of the Okanagan's chocolatiers.

## Spirit Truffles

With Swiss heritage and a chocolatier for a grandfather Barbara Niklaus Scheuren has chocolate coursing through her blood. Upon moving to beautiful Okanagan wine country she became inspired to create a product that combined her two passions – chocolate and wine.

Spirit Truffles are unique as they are filled with a wine-infused ganache rather than a liquid centre. With popular favourites such as the Cherry Port Truffle and Ice Wine Truffle, created with award-winning wines from wineries in Osoyoos, Oliver and Naramata Bench, these skillfully hand-crafted truffles offer a distinct Okanagan flavour.

Available at specialty stores throughout the Okanagan and online.
